

REDEFINING WELLNESS

The global group TylöHelo has several strong sauna brands in the portfolio and can be found on all continents for both residential and commercial sauna projects. We are the complete partner by providing high quality sauna experiences, with traditional sauna, steam bath and infrared warmth.

With a huge passion for sauna and wellness, solid traditions in craftsmanship and profound knowledge Tylö is redefining the sauna scene by always continuing to create top quality sauna products made to be a vital part of healthy living. When you are investing in a Tylö product, you are not only investing in a product, you are also investing in your health. Years of development, experience and a relentless strive for perfection has lead us to where we are today.

Our passion is to raise the quality of life for as many people as possible. Replace your standard shower with a new modern steam shower. Or design your own steam room that fits in your regular bathroom. Or combine our new and efficient steam generators with one of our control panels.

With all our possibilities, you can find the best steam solution for you. Of course, we have designed everything with the latest technology and with our sense of frugal Scandinavian design.

Welcome to our great world of steam!

WITH A PASSION FOR STEAM

The heat, the water, the silence and the solitude, steam bath is the perfect way to relax and let the stressful demands of everyday life fade away. Just step into the humid fog and focus on total relaxation.

Recharge, and shut out stress and anxiety. The steam room is our new place for free time, for reflection for well-being. Take a few deep breaths and let you get surrounded by the beneficial steam. No agitation, no demands. Feel the calm return as it pleases the heat is dissipated. Experience how you get new energy, how the steam cleanses you and makes you feel like a new person.

The steam gives a softer bath form where the heat is at 40-45 degrees. Research now shows that steam can provide many health benefits. The body's joints are softened, it expels toxins from the body, provides better sleep, cleanses and softens the skin. Relieves stress and anxiety. Helps blood circulation and the immune system. The list of health benefits for both body and soul can be made long and sometimes it sounds almost too good to be true. Suffice it to say that you must experience the effects of the steam yourself. The best advice we can give you is to schedule your steam sessions to be an integral and natural part of your everyday routine.

STEAM BATHS ARE GREAT FOR REDUCING STRESS

The heat, the silence, and the solitude will help you relax. The heat from the sauna causes the body to release endorphins and other 'feel good' chemicals that counteract the harmful hormones caused by stress. Consistency is a key to get relaxed and feel in balance.

STEAM BATHS CAN HELP YOU SLEEP BETTER

By raising your body temperature in the sauna just before it is time to go to bed, your heated body will automatically work to readjust its temperature afterward and that will lull you off to sleep, leaving you calm and relaxed enough to sleep soundly through the night.

STEAM BATHS PROTECT AGAINST COMMON COLDS

Heat has a positive effect on our immune system, and regular heat exposure can significantly reduce the risk of catching common colds and the flu. As the heat boosts the blood circulation and stimulates the production of white blood cells, this helps to protect our bodies against viral and bacterial attacks.

STEAM CAN WORK MIRACLES ON YOUR SKIN

Regular steam baths can have a transformative effect on your complexion. The heat, the sweating, and the increased circulation stimulates the production of collagen, and deeply cleanse and rejuvenate your skin. Fifteen minutes in the steam room opens pores, increases sweating, stimulates circulation, and eliminates toxins.

STEAM ROOMS

Vista with the ad-on RGB colour.

VISTA

A sleek looking steam shower enclosure that symbolizes Scandinavian design. Vista is a steam shower enclosure that has matt black, minimalistic profiles that can be with or without threshold, to give your bathroom that modern and luxurious look. The glass walls are smoky grey for an extra graphic effect.

The enveloping steam starts in 2 minutes and soon you have a full, warm steam bath.

Vista STEAM ROOM

FEATURES

RAIN SHOWER
Vista has a rain shower head in the ceiling and a high quality hand shower on the column for your preference.

ADVANCED CONTROL PANEL
You control your Vista steam shower with the advanced Elite Cloud control panel that blends perfectly into the black Stella column.

ENJOY THE FRAGRANCE THERAPY
The steam outlet is very silent and has a fragrance compartment on top so that you can enjoy the fragrance therapy of your choice.

This steam shower enclosure comes in two sizes (130x90x213cm and 160x90x213 cm). You can choose if you want it with a left glass corner or a right, seen from the front. You need two walls and a floor to install the Vista properly.

ACCESSORIZE!

For the Vista experience, add the matching accessories; stools and shelf in matt black aluminum. Or, if you prefer, you can also choose the white Corian stools.

PIXEL STOOL

This stool can be used both inside your Vista steam enclosure or as a nice-looking stool in your bathroom. It is made of aluminium and in a softly bended shape, so it is comfortable to sit on. The smooth surface is covered in a beautiful matt black powder coating to match the profiles on the Vista.

PIXEL SHELF

A small shelf for your shower products or just as a nice decoration. It has the same matt black colour as the profiles on the Vista steam shower enclosure. Even if it is a slim model with its 400 mm in length and 90 mm in depth it can hold up to two kilos. The pattern of the pixels is cut so the water doesn't stay on the shelf.

STOOL CORIAN

Ergonomic and easily portable stool.

As an option to make it more personal, you can add the RGB lights that are placed in the back wall and has a declining gradient that meets the lights coming from the steam column. For additional lights in the ceiling, spotlights are sold separately.

STELLA STEAM COLUMN

Build your own at home steam bath with this modern steam column of true Scandinavian design. The black glass front and the chrome coloured details makes it easy to fit in any tiled shower space.

The enveloping steam starts in 2 minutes and soon you have a full, warm steam bath. You control your steam column with the advanced Elite Cloud control panel that blends in perfectly with the black Stella front. The glass front is wider than the column, to give it a floating, nice look. Behind the glass is the neon LED lists.

The hand shower, thermostat and mixer are of high quality and luxury material. The steam outlet is very silent. Like the Vista, it has a fragrance compartment to enjoy the fragrance therapy of your choice. A ceiling shower head can be connected and controlled from the column. To match the black, sleek look you can add the matching stool and shelf in black aluminium.

FEATURES

*A steam bath in 40 degrees C during 15 min uses about 45 times less water compared to a shower under the same conditions.
